## BOOK REPORTS/PROJECTS

Book Reports are to be turned in monthly. If your child is a 4<sup>th</sup> grader, they may choose between the project OR the report. If your child is a 5<sup>th</sup> or 6<sup>th</sup> grader, the report is mandatory and the project is optional. For September, October, and November students may choose between writing the report or completing the project. However, reports will be mandatory for 5<sup>th</sup> and 6<sup>th</sup> graders starting in December.

Book report books need to be approved by the teacher during the first week of the month. This is to ensure the student has chosen the correct genre at their instructional reading level.

## OTHER

Your child will also have other various projects for homework throughout the year.

\*\*Also, if your child struggles to complete morning class work, this will be sent home for completion and expected to be returned to school.
