

**Week of
November 28th**

Welcome to the Willow Room

Reminders:

* **Multiplication test on 5's on Monday, December 5th.**

* **Literature Circle homework is due on Thursday, December 8th. Each group decided their reading assignment and jobs, so please ask your child what he/she is responsible for completing.**

* **Spelling test on Friday, December 9th.**

-Please help your child learn his/her facts. As your child progresses in math, they need to know their facts!

FIELD TRIP

Monday, December 5th the upper el is going on a field trip to the Ann Arbor Hands-On Science Museum. We will be breaking up in small groups in the morning to attend experiments and demonstrations. In the afternoon, the students will be able to walk around the museum, interacting with the exhibits. If you haven't paid yet or have not signed your child's permission slip, please make sure both are turned in first thing Monday morning or your child will not be able to go on the field trip.

New Work Plans

As discussed at conferences, the work plan has changed. This week, the Willow Room has completed so many math cards, we ran out of room in our record book! You will receive your child's work plan from this past week on Friday. See how many cycles your child was able to complete and encourage them to complete even more! Your signature will be needed and your child will turn the work plan back in on Monday.

Other Updates

-Wordly Wise Parts A-D (Lesson 2) will be due on Wednesday, December 7th.

- No book reports for the month of December.

- We will be having a holiday party on Friday, December 16th. More information to follow.
